LEEDS

The Product Launch

Here is one event we can run for your team. However, this is not an exhaustive list; please speak to us if you want us to design a bespoke event.

This event has been designed to draw on the creativity, innovation and problem solving skills of your team.

The Product

In the one day event, the first part of the day is dedicated to making the product, which can be anything from a clothing range to a car, or even a structure. The teams make the product based on a specific client brief.

The Marketing Campaign

The second part of the day is dedicated to marketing the product. Each team has to produce both a poster and TV advertising campaign.

For the finale, both the product and marketing campaigns will be assessed by a panel of judges, with separate awards being given for creativity, innovation, and impact.

Course Duration

To run as a half day event, The Product or Marketing Campaign can be run separately. You could even select one of your company's products to be the subject of a marketing campaign.
