Trouble at the Top

Here is one event we can run for your team. However, this is not an exhaustive list; please speak to us if you want us to design a bespoke event.

This event has been designed with managers in mind. The activities are used to highlight the importance of the five core management skills:

- Leadership
- Problem Solving
- Teamwork
- Communication
- Collaboration

Each activity will include some de-brief time, where delegates can discuss any personal learning.

This package can be organised as a one or half day event. The games can also be run individually, if required.

Winner takes all – Two teams compete to make the most money.

Activity Two

Project Squirrel – Become embroiled in international espionage.

Activity Three

Winning formula – Working together to complete the task.

Activity Four

The Tallest Tower – Your chance to build a super structure.

Activity Five

Activity Six

Save Yorkshire – Can your team find the clues and diffuse a bomb, before it's too late!

Course Duration

To run as a one day event, select four games from the list.
We can also run it as a half day event by selecting two of the activities.

We are happy to discuss alternative activities, please ask.
