Murder Mystery

Here is one event we can run for your team. However, this is not an exhaustive list; please speak to us if you want us to design a bespoke event.

This event is a great addition to an evening dinner or after a conference where delegates can relax and become engaged in the action.

In associations with MORE! Productions we can offer two *Cluedo* themed murder mystery events: A Mind to Murder and Portrait of Death. We use actors to create an experiential version of the *Cluedo* game. The guests will be playing *Cluedo* and responding to live action.

Prior to the event each actor will have been given a full character reference but only the murderer will know who they are. All of the characters will then eat dinner and interact with guests responding to the events and conversation of the evening. At the end of the evening each table of guests will then have to vote on who they think the murderer is with the winning table receiving a small prize. In the event of no-one correctly identifying the murderer each table will be asked to justify their choice and a decision of who was the closest will be made.
