# Weetwood Hall Conference Centre & Hotel

## Data Conferencing Suite

### Interactive working, training and meeting environment

The new Data Conferencing Suite is part of Weetwood Hall's conference and meetings facilities and uses SMART technology to deliver a new breed of meetings for 2010:

#### Efficient, time saving & sustainable

Users of the Data Conferencing Suite will benefit from the innovative technology that provides access for local and remote participants who can work and make notes on the same documents simultaneously.

Benefits include:

- Create a secure remote conference
- Up to 40 remote participants
- Full participant interaction and team collaboration Easy to use technology
- Touch recognition technology
- No extensive software required
- Relaxed surroundings which encourage quicker communication and enhance productivity.
- Create and record activity as it happens.
- Complete confidentiality
- Assists with the reduction of carbon footprint

A flexible facility suitable for many events including:

- Meetings
- Training and Demonstrations
- Video conferencing
- Brain storming
- Presentations
- E learning

LEEDS

Adjacent to the Data Conferencing Suite are the Ideas & Inspiration Room and the Creative Thinking Room.

## Ideas & Inspiration Room

This room is to assist in creating an environment that stimulates free thinking to inspire ideas and inspiration that you can take back into the workplace.

## Creative Thinking Room

... is inspired by Edward de Bono's Six Thinking Hats.

*"A brain without creativity is like a car with only three wheels when there should be four". Edward de Bono*

The purpose of this room is to promote clear and creative thinking and perhaps reflective judgement and observation.
